

# COMPANY PROFILE

"Our facility operates in Istanbul / Çatalca district, Ovayenice village, Damlıca street no:21, on an area of 2100 m2."

"Seven years ago, we started our production process with oyster mushroom production, and we have expanded our product range by adding a drying facility to our process. We now dry fruits, vegetables, medicinal herbs, soup ingredients, bakery products, various nuts, and coffee beans and have added them to our product line."

"Starting with the agriculture sector, this successful progress has aimed to contribute to the country's economy, create employment, and prioritize the environment, nature, climate, and ecological issues. Our company has always aimed to make progress in the agriculture sector with a visionary perspective and understanding since its inception, by adhering to good agricultural practices, organic farming practices, and other instruments without compromising on them."

"Our company, utilizing all available technology and resources, has diligently continued its research and development efforts and today offers beneficial agricultural practices, as well as dried fruits and vegetables, fruit and vegetable powders, and completely natural recipes of chocolate and candy under our own brand 'MAYA'S MAGIC HANDS.' We are committed to providing these products to our valued customers."

"Our products are completely additive-free and natural, and do not contain any preservatives. They do not contain added sugar or sweeteners. They provide 100% natural consumption confidence to our children, adults, and seniors. They serve as a good source of vitamins and minerals and can be used as a snack between meals, in cooking and baking, and as a dietary supplement for consumers."
